PRODUCT DESCRIPTION

The Wood Razor Carbide Reversible Planer Knife offers smooth, clean, perfect planing results in solid wood surfaces. Its sharp blades are double-edge ground, enabling the reversible use of either side. Made of Micrograin Carbide, the knife features an extremely sharp cutting edge that achieves consistently fine and even finishes. Micrograin Carbide is furthermore highly wear resistant. It provides resistance to damage and fractures from accidental nail or staple strikes, enabling a long lifetime of usage. This durable knife is intended for a wide variety of planing applications such as fitting, sizing and chamfering as well as rebating in hardwood, softwood and wood composite materials. The Wood Razor Carbide Reversible Planer Knife also conveniently provides quick and easy knife changes with hassle-free perfect positioning.
