PRODUCT DESCRIPTION

The SDS plus Pointed Chisel is ideal for precision jobs in concrete without any work interruptions and with less jamming than standard pointed chisels. The self-sharpening twisted tip provides a wider material removal footprint, which allows for smooth, uninterrupted work. The chisel is intended for use in concrete and brick for adjustment work to destroy or remove walls, restore joints and clear reinforcements. The SDS plus Pointed Chisel offers a 30%-longer lifetime and a 15%-higher material removal rate than standard chisels.
