Novelty: no

Novelty until: 01.03.2018

Scope of delivery:

1 ST RB - 10PCS AII65 BSPC. For oscillating multitools |

PRODUCT DESCRIPTION

The Starlock All 65 BSPC blade delivers wide and clean cuts in hardwood. Its 3-dimensional Japanese tooth configuration consists of sharp ground teeth ideal for cutting hardwood. This tooth arrangement minimises heat development for tear-free cuts with no ripping or burning. The blade's flat design reduces wobbling to enable a controlled cut due to direct power transfer. This product is intended for plunge cutting in hardwood or wooden boards and sawing in wooden panels. The blade's rounded cutting edge (Curved-Tec) makes precise and smooth plunge cuts. The Starlock Snap-In mounting system allows fast blade removal and exchange within 3 seconds without having to touch the blade. The mounting system produces the highest power transfer thanks to a 3-dimensional tight-fitting connection between machine and accessory.
