ROBERT BOSCH POWER TOOLS GMBH RB - 10PCS MAII32 SLC. FOR OSCILLATING MULTITOOLS

SKU: 3165140936149

RB - 10PCS MAII32 SLC. For oscillating multitools

Categories: [Accessories for BOSCH professional](), [Accessories for multifunctional tools]()

Product Features: Width [mm]: 32
Length [mm]: 70
Benefit HL (short): Extra-Deep Cuts in Soft Materials
Performance Claim Text: Extra-Deep Cuts in Soft Materials
(Version) Key RTB: 70 mm long blade for extra-deep cuts
Specific RTB1: Blade edge is ground on both sides with a sharpened tip for efficient deep cuts
Specific RTB2: Rigid blade for fast controlled cuts without flexing and bending
Specific RTB3: Starlock Max system offers maximum depth, speed and versatility in heavy-duty applications
Material: Silicone
Material: Mineral Wool
SOL Date: 01.09.2017
Novelty: no
Novelty until: 01.03.2018

Scope of delivery:
1 ST RB - 10PCS MAII32 SLC. For oscillating multitools |

PRODUCT DESCRIPTION

The Starlock MAII 32 SLC cutter provides very deep cuts in various soft materials. It features a sharp double-edged 70 mm long cutting edge for effortless extra-deep cuts in resistant surfaces. The blade is ground on both sides with a sharpened tip for effortless piercing and efficient deep cuts through heavy-duty flexible materials. The blade's thin and sturdy cutting edge enables fast and controlled deep cuts in soft materials without bending or flexing. This cutter is designed for particularly deep cuts on soft expansion joints, window putty and putty materials, heavy-duty caulking, deep silicone joints and other soft material. The Starlock Max system offers maximum depth, speed and versatility in even the most demanding heavy-duty applications. The Starlock Snap-In mounting system allows fast blade removal and exchange within 3 seconds without having to touch the blade. The mounting system produces the highest power transfer due to a 3-dimensional tight-fitting connection between machine and accessory.
