ROBERT BOSCH POWER TOOLS GMBH RECIPROCATING SAW BLADE S 725 VFR. FOR RECIPROCATING SAWS

SKU: 3165140749350

Reciprocating saw blade S 725 VFR. For reciprocating saws

Categories: [Accessories for BOSCH professional](#), [Saws](#)

Product Features: Pallets [mm]: 5-125

Tooth design: Vario toothing

Tooth spacing [mm]: 1.8-2.6

Tooth pitch [TPI]: 10-14

Total length [mm]: 190

Total length [Inch]: 7 1/2

Width [mm]: 19

Thickness [mm]: 1,25

Blade material: BI-METAL

Blade material abbreviation: BIM

Body material: HCS

Max. cut capacity [mm]: 125

Areas of application: Pallets, cutting depth up to 125 mm, minimal vibration

Progressive: no

Type: S 725 VFR

Benefit HL (short): Breakproof Blade for Smooth Cuts

Performance Claim Text: Effortless Cuts (Version) Key RTB: Reverse tip prevents jamming, bending and shank breakage for long life

Specific RTB1: Vario-tooth design for vibration-reduced, smooth cuts

Specific RTB2: Thick gauge material for high stability. BIM blade is ideal for pallet repair applications

Specific RTB3: Fine to medium vario-tooth pitch cuts through soft nails and fasteners.

Length (190 mm) for a 125 mm cutting capacity

Material: Wood with nails

Material: Plastics

Product text, Accessories grey: BIM, vario-pitched teeth

Product text, Accessories grey: Pallets, cutting depth up to 125 mm, low vibration

SOL Date: 01.07.2013

Novelty: no

Scope of delivery:

1 ST Reciprocating saw blade S 725 VFR. For reciprocating saws |

PRODUCT DESCRIPTION

The S 725 VFR Special for Pallet Repair Reciprocating Saw Blade is breakproof for continuous and effortless cuts in wood and metal. Its reverse tip prevents jamming, blade bending and shank breakage, enabling long life. The vario-tooth design reduces vibrations and allows for smooth cuts. Its thick gauge material (1.25 mm) boosts the blades high stability even further. Moreover, the blade is made from BIM (bi-metal), which makes it ideal for pallet repair applications. Its fine to medium vario-tooth pitch (1.8/2.6 mm) makes cuts through soft nails and fasteners in pallet construction. This blade has a length of 190 mm for cutting up to 125 mm deep. With its reverse tip, it is ideal for cutting outer blocks and peripheral boards.
