ROBERT BOSCH POWER TOOLS GMBH SDS MAX-9 CORE CUTTER. FOR ROTARY HAMMER DRILLS

SKU: 3165140557764

SDS max-9 core cutter. For rotary hammer drills

Categories: [Accessories for BOSCH professional](#), [Drilling](#)

Product Features: Diameter mm: 68
Core cutter depth (L1) mm: 80
Working length (L2) mm: 108
Cutters, number: 6
Benefit HL (short): Ideal Deep Hole Cutting to Install Switch Boxes
Performance Claim Text: For Switch Boxes
(Version) Key RTB: Fine-grade highly durable carbide ensures the best wear resistance when drilling
Specific RTB1: Number of asymmetric carbide teeth are adapted to the diameter for aggressive work progress and quiet operation
Specific RTB2: Long 2-flute U-shape shank is good for dust removal and breakthrough-drilling
Specific RTB3: One-piece design guarantees optimum transfer of the machine's power.
Product also available as a 2-piece
Material: Concrete
Material: Concrete building block
Material: Lime and sand bricks
Material: Solid brick
Material: Masonry
Product text, Accessories grey: Pack of 1
SOL Date: 01.09.2012
Novelty: no

Scope of delivery:

1 ST SDS max-9 core cutter. For rotary hammer drills |

PRODUCT DESCRIPTION

The SDS max-9 CoreCutter is ideal for cutting deep holes when installing switch boxes. It is made with fine-grade, highly durable carbide that ensures the best wear resistance when drilling. Furthermore, the number of the asymmetric carbide teeth on the bit are adapted to its diameter, making it the right choice for aggressive work progress with quiet operation. Its long 2-flute U-shape shank is good for dust removal and breakthrough-drilling while its one-piece design guarantees optimum transfer of the machine's power. The bit is intended for use in concrete, masonry and limestone. This product is also available as a 2-piece.
