ROBERT BOSCH POWER TOOLS GMBH SHEET METAL HOLESAW. FOR ROTARY DRILLS/DRIVERS

SKU: 3165140376013

Sheet Metal holesaw. For rotary drills/drivers

Categories: Accessories for BOSCH professional, Saws

Product Features: Diameter mm: 19
Diameter inches: 3/4
Working length mm: 20
Benefit HL (short): Durable in Sheet Metal
Performance Claim Text: Durable in Sheet Metal
(Version) Key RTB: Made of bi-metal HSS containing 8% cobalt alloy for extreme resilience and a long product lifetime
Specific RTB1: Configuration of the teeth on the Vario tooth strip is ideal for sawing with reduced wear on the cutting edge
Specific RTB2: Depth stop feature prevents breakthroughs to protect the work surface
Specific RTB3: Unique power-change adapter with the fastest arbour system for locking/unlocking hole saw and pilot drills in one click
Material: Stainless steel sheets
Material: Steel sheets
SOL Date: 18.01.2005
Novelty: no

Scope of delivery:
1 ST Sheet Metal holesaw. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Special for Sheet Metal Hole Saw offers durability while cutting holes through metal. Made of bi-metal HSS (high-speed steel) containing 8% cobalt alloy, this hole saw has less risk of tooth breakage and higher heat resistance for extreme resilience and a long product lifetime. The configuration of the teeth on the Vario tooth strip is ideal for sawing through thin material with reduced wear on the cutting edge. Furthermore, a depth-stop feature prevents breakthroughs to protect the work surface. Use this hole saw when cutting through sheet metal with a thickness of less than 5 mm, such as mild steel and stainless steel. The Special for Sheet Metal Hole Saw features Bosch's unique power-change adapter with the fastest arbour system on the market. It allows for locking and unlocking the hole saw and pilot drills in one click.
