## PRODUCT DESCRIPTION

System Accessories FSN 2100, The FSN 2100 Professional guiderail with a length of 2,100 mm features a unique technology that enables exact cuts. Designed with high-quality workmanship, it offers precise guidance and can be conveniently used with all related power tools. The FSN VEL optional extension connector delivers a quick and strong connection between two guiderails, providing perfect stability. It features non-slip rubber stripes and splinter protection that can be easily replaced and support complete tool control during use, resulting in a clean cutting edge. For perfect cutting results, this guiderail is intended for use with plunge and circular saws. It is compatible with all Bosch Professional GKS G-model circular saws, all GKT Professional plunge saws, as well as selected GST Professional jigsaws and GOF Professional routers with an adapter. The FSN 2100 Professional guiderail also includes a spare plastic T cap.
