PRODUCT DESCRIPTION

System Accessories GDE max, The GDE max Professional dust guard is the practical and effective solution for virtually dust-free chiselling work. It enables clean and tidy work, reduces cleaning times, and improves the user's safety protection. For high convenience and flexibility, it can be quickly and easily adapted for various working positions, allows for changing chisels without dismounting the dust extraction unit, and is designed for use with the Bosch Click & Clean System. Its compatibility with all SDS max hammers guarantees universal use. Cardboard box
