ROBERT BOSCH POWER TOOLS GMBH WET/DRY EXTRACTOR GAS 35 H AFC

SKU: 4059952564494

Wet/Dry Extractor GAS 35 H AFC

Categories: [BOSCH professional](#), [Extraction systems](#)

Product Features: Container volume, net, water: 19,2 l

Packaging dimensions (width): 590 mm

Packaging dimensions (length): 730 mm

Packaging dimensions (height): 365 mm

Packaging dimensions (width x length x height): 590 x 730 x 365 mm

Rated input power: 1.200 W

Weight: 12,4 kg

Container volume, gross: 35 l

Container volume, net: 23 l

Dust class of wet/dry extractor: H

Dust class: H

Tool dimensions (width): 375 mm

Tool dimensions (length): 515 mm

Tool dimensions (height): 575 mm

Filter surface area: 5.000 cm²

Max. airflow rate (turbine): 74 l/s

Max. vacuum pressure (turbine): 254 mbar

Wheels, number: 4

Plug Type: Type F

Product category subdivision: Wet/Dry Extractor

Positioning: H-Class versatile wet/dry dust extractor with automatic filter cleaning developed for hazardous dust

User benefit incl. Reason to believe: H-class certified for carcinogenic and pathogenic dust, increasing user protection

User benefit incl. Reason to believe: Automatic filter cleaning mechanism for constant working

User benefit incl. Reason to believe: Flow

control monitoring constant air flow through the suction cup, including an acoustic warning signal

Positioning (BE): H-Class versatile wet/dry dust extractor with automatic filter cleaning developed for hazardous dust

User benefit incl. Reason to believe (BE): H-class certified for carcinogenic and pathogenic dust, increasing user protection

User benefit incl. Reason to believe (BE): Automatic filter cleaning mechanism for constant working

User benefit incl. Reason to believe (BE): Flow control monitoring constant air flow through the suction cup, including an acoustic warning signal

Title: Wet/Dry Extractor GAS 35 H AFC Professional

Novelty: no

Novelty until: 01.04.2021

Scope of supply: 1 x flat-pleated filter H-class (HEPA), PTFE (2 607 432 052)

Scope of supply: 1 x safety filter bag (available separately as set of 5: 2 607 432 050)

Scope of supply: 5 m hose, 35 mm diameter, antistatic, with power tool adapter (2 608 000 566)

Scope of supply: Crevice nozzle, 35 mm diameter (2 607 000 165)

Scope of supply: Elbow (2 608 000 573)

Scope of supply: Floor nozzle set, 35 mm diameter (1 609 390 478)

Scope of supply: 3 x 0.35 m chrome-plated suction tube, 35 mm diameter (2 608 000 575)

Scope of supply: 1 x PE disposable bag (available separately as set of 10: 2 607 432 051)

SOL Date: 10.08.2020

Scope of delivery:

1 ST Wet/Dry Extractor GAS 35 H AFC |

PRODUCT DESCRIPTION

Wet/Dry Extractor GAS 35 H AFC, The GAS 35 H AFC Professional is the high-performance wet/dry dust extractor enabling better user protection. Its safety filter traps 99.995% of health-endangering dusts. The certification for H-class dust further increases the level of health protection against carcinogenic and pathogenic dust as well as organic material (e.g., mould) and container construction material (e.g., glass fibre). Its automatic filter cleaning mechanism prevents interruptions for constant working. A volume flow control monitors the constant air flow through the suction cup and gives an acoustic warning signal if the air flow is too low. The GAS 35 H AFC Professional is certified for H-class dust, such as carcinogenic and pathogenic dusts. The L-BOXX can be clicked onto the wet/dry dust extractor for easy transport. All Bosch Power Tools with the Click & Clean System can be connected directly to the GAS 35 H AFC Professional without an adapter. The 1,380 W suction turbine with 254 mbars (millibar) vacuum pressure delivers good extraction results. The wet/dry dust extractor is equipped with antistatic features for the reduction of electrostatic charge. 1 x flat-pleated filter H-class (HEPA), PTFE (2 607 432 052); 1 x safety filter bag (available separately as set of 5: 2 607 432 050); 5 m hose, 35 mm diameter, antistatic, with power tool adapter (2 608 000 566); Crevice nozzle, 35 mm diameter (2 607 000 165); Elbow (2 608 000 573); Floor nozzle set, 35 mm diameter (1 609 390 478); 3 x 0.35 m chrome-plated suction tube, 35 mm diameter (2 608 000 575); 1 x PE disposable bag (available separately as set of 10: 2 607 432 051)
