ROBERT BOSCH POWER TOOLS GMBH WIRE WHEEL CRIMPED 115 MM STEEL. FOR SMALL ANGLE GRINDERS

SKU: 3165140631808

Wire Wheel Crimped 115 mm Steel. For small angle grinders

Categories: Accessories for BOSCH professional, Cutting, roughing and brushing

Product Features: Diameter mm: 115
Wire thickness mm: 0,30
Max. speed rpm: 11.000
Thread M: 14
Securing: Thread
Material: Crimped wire
X-LOCK: no
Benefit HL (short): Extra-Fine Finish on Metal
Performance Claim Text: Extra-Fine Finish
(Version) Key RTB: Crimped wire for light-to-medium-duty cleaning applications
Specific RTB1: Ideal for removing annealing colour on welded seams, perfect for use in metal
Specific RTB2: Cleaning work on smaller steel surfaces, edges or in grooves. For removing rust, roughing, mat sanding and paint stripping
Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results
Material: Steel
Material: Non-ferrous metals
Material: Aluminium
Material: Metal pipes and profiles

1 ST Wire Wheel Crimped 115 mm Steel. For small angle grinders |

PRODUCT DESCRIPTION

The Clean for Metal Wire Wheel provides an extra-fine surface finish. It is fitted with crimped wire for light- to medium-duty cleaning applications on small surfaces. The wire wheel is ideal for removing annealing colour on welded seams. Perfect for use in metal, it is suitable for cleaning work at high circumferential speeds on smaller steel surfaces, edges or in grooves. It is also suitable for removing rust, roughing, mat sanding and paint stripping. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
