ROBERT BOSCH POWER TOOLS GMBH WIRE WHEEL CRIMPED 115 STAINLESS. FOR SMALL ANGLE GRINDERS

SKU: 3165140631877

Wire Wheel Crimped 115 Stainless. For small angle grinders

Categories: [Accessories for BOSCH professional](#), [Cutting, roughing and brushing](#)

Product Features: Diameter mm: 115

Wire thickness mm: 0,30

Max. speed rpm: 8.500

Thread M: 14

Securing: Thread

Material: Crimped wire, rustproof

X-LOCK: no

Benefit HL (short): Extra-Fine Finish on Inox

Performance Claim Text: Extra-Fine Finish

(Version) Key RTB: Crimped wire for light-to-medium-duty cleaning applications

Specific RTB1: Removing annealing colour on welded seams, for cleaning work at high speeds on smaller surfaces, edges or in grooves

Specific RTB2: Removing rust, roughing, mat sanding, paint stripping, texturing work on stainless steel/aluminium/non-ferrous metal

Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results

Material: Stainless steel

1 ST Wire Wheel Crimped 115 Stainless. For small angle grinders |

PRODUCT DESCRIPTION

The Clean for Inox Wire Wheel provides an extra-fine surface finish. It is fitted with crimped wire for light- to medium-duty cleaning applications on small surfaces. This wire wheel is ideal for removing annealing colour on welded seams and suitable for cleaning work at high circumferential speeds on smaller surfaces, edges or in grooves. It is also suitable for removing rust, roughing, matt sanding, paint stripping and texturing work on stainless steel, aluminium and non-ferrous metal surfaces. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
