**ROBERT BOSCH POWER TOOLS GMBH
WIRE WHEEL CRIMPED 80X0.2 MM
BRASS-COATED. FOR ROTARY
DRILLS/DRIVERS**

SKU: 3165140632102

Wire Wheel Crimped 80x0.2 mm brass-coated. For rotary drills/drivers

Categories: [Accessories for BOSCH professional](#), [Cutting, roughing and brushing](#)

Product Features: Diameter mm: 80

Wire thickness mm: 0,20

Max. speed rpm: 4.500

Brush width mm: 35

Securing: Straight shank

Material: Crimped wire, brass coated

X-LOCK: no

Benefit HL (short): Fine Finish on Steel

Performance Claim Text: Fine Finish on Steel

(Version) Key RTB: Brass-coated crimped wire for light-to-medium-duty cleaning applications

Specific RTB1: For texturing wood and suitable for cleaning work on smaller steel or non-ferrous metal surfaces, on edge or in grooves

Specific RTB2: For removing rust, roughing, mat sanding, texturing, paint stripping. Brass-coated wires provide corrosion protection

Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results

Material: Softwood

Material: Hardwood

Material: Steel

Material: Stainless steel

Material: Non-ferrous metals

Material: Aluminium

Material: Metal pipes and profiles

Scope of delivery:

1 ST Wire Wheel Crimped 80x0.2 mm brass-coated. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Wire Wheel provides a good fine surface finish. It is brass-coated and fitted with crimped wire for light- to medium-duty cleaning applications on small surfaces. The wire wheel is ideal for texturing wood and suitable for cleaning work on smaller steel or non-ferrous metal surfaces, on edges or in grooves. Moreover, it is also suitable for removing rust, roughing, mat sanding, texturing and paint stripping in metal and wood. The brass-coated wire wheels provide protection against corrosion. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
