ROBERT BOSCH POWER TOOLS GMBH WIRE WHEEL KNOTTED 115 MM STEEL. FOR SMALL ANGLE GRINDERS

SKU: 3165140087254

Wire Wheel Knotted 115 mm Steel. For small angle grinders

Categories: [Accessories for BOSCH professional](#), [Cutting, roughing and brushing](#)

Product Features: Diameter mm: 115

Wire thickness mm: 0,50

Max. speed rpm: 12.500

Brush width mm: 12

Thread M: 14

Securing: Thread

Material: Knotted wire

X-LOCK: no

Benefit HL (short): Extra-Coarse Finish on Metal

Performance Claim Text: Extra-Coarse Finish (Version) Key RTB: Knotted wire for heavy-duty cleaning applications on small surfaces

Specific RTB1: Ideal for cleaning welded seams, suitable for cleaning at high speeds on steel surfaces, edges or in grooves

Specific RTB2: Ideal for use in metal, it is also apt for removing heavy rust, paint stripping, deslagging, deburring and descaling

Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results

Material: Steel

Material: Non-ferrous metals

Material: Aluminium

Material: Metal pipes and profiles

Novelty: no

Scope of delivery:

1 ST Wire Wheel Knotted 115 mm Steel. For small angle grinders |

PRODUCT DESCRIPTION

The Heavy for Metal Wire Wheel provides an extra-coarse finish. The wheel is fitted with knotted wire for heavy-duty cleaning applications on small surfaces. It is ideal for cleaning welded seams and suitable for cleaning at high circumferential speeds on steel surfaces, edges or in grooves. Ideal for use in metal, the wire wheel is also suitable for removing heavy rust, paint stripping, deslagging, deburring and descaling. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
