**ROBERT BOSCH POWER TOOLS GMBH  
WIRE WHEEL KNOTTED 115 STAINLESS.  
FOR SMALL ANGLE GRINDERS**

**SKU:** 3165140631860

Wire Wheel Knotted 115 Stainless. For small angle grinders

---

**Categories:** [Accessories for BOSCH professional](#), [Cutting, roughing and brushing](#)

**Product Features:** Diameter mm: 115

Wire thickness mm: 0,50

Max. speed rpm: 12.500

Thread M: 14

Securing: Thread

Material: Knotted wire, rustproof

X-LOCK: no

Benefit HL (short): Extra-Coarse Finish on Inox

Performance Claim Text: Extra-Coarse Finish (Version) Key RTB: Knotted wire for heavy-duty cleaning applications on small surfaces

Specific RTB1: Ideal for cleaning welded seams. Suitable for cleaning at high speeds on smaller surfaces, edges and in grooves

Specific RTB2: Removing rust, paint stripping, deslagging, deburring/descaling work on stainless steel, aluminium/non-ferrous metals

Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results

Material: Stainless steel

Scope of delivery:

1 ST Wire Wheel Knotted 115 Stainless. For small angle grinders |

## PRODUCT DESCRIPTION

The Heavy for Inox Wire Wheel provides an extra-coarse surface finish. It is fitted with knotted wire for heavy-duty cleaning applications of small surfaces and is ideal for cleaning welded seams. It is suitable for cleaning at high circumferential speeds on smaller surfaces, edges and in grooves. Moreover, the wire wheel is suitable for removing heavy rust, paint stripping, deslagging, deburring and descaling work on stainless steel, aluminium or non-ferrous metals. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
