ROBERT BOSCH POWER TOOLS GMBH WOOD AUGER BIT, HEXAGON. FOR ROTARY DRILLS/DRIVERS

SKU: 3165140488679

Wood auger bit, hexagon. For rotary drills/drivers

Categories: [Accessories for BOSCH professional](#), [Drilling](#)

Product Features: Diameter (D) mm: 10,00
Working length (L1) mm: 95
Total length (L2) mm: 160
Width across flats (d) mm: 6,35
Width across flats (d) inch: 1/4
Benefit HL (short): Fast Drilling-Accuracy
Performance Claim Text: Fast Drilling-Accuracy
(Version) Key RTB: Heavy-duty self-feeding tip pulls the bit through completely, which allows for quick precision-drilling
Specific RTB1: Straight holes and high chip removal rate due to an optimised low-friction flute geometry with a solid centre
Specific RTB2: Optimised scoring spur and precision-ground main cutting edge produce accurate holes
Material: Softwood
Material: Hardwood
Material: Chipboard
Material: Pressure treated lumber
Material: Construction wood with mortar and nails
Material: Medium density fibreboard
Material: Multiplex board
Product text, Accessories grey: Total length 160 mm
SOL Date: 01.04.2008
Novelty: no

Scope of delivery:

1 ST Wood auger bit, hexagon. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Auger Bit is ideal for fast drilling-accuracy when producing through-holes, pre-drilling for rafter nails and drilling deep dowel holes in wood. The heavy-duty self-feeding tip pulls the bit through completely, which allows for quick and effortless precision-drilling. Straight holes and a high chip removal rate and increased speed are made possible by the bit's optimised low-friction flute geometry with a solid centre. Its optimised scoring spur and precision-ground main cutting edge produce accurate holes. It is ideal for use in the ancillary building trades, for carpenters and roofers, and is suitable for soft and hard wood
