ROTHENBERGER INDUSTRIAL SOLDERING STATION DIGITAL 200-450 DEGC 60 W

SKU: 4004625506936

1,00 ST Soldering station digital 200-450 degC
60 W

Categories: [Soldering](#), [Soldering stations](#)

Product Features: Output: 60 W
Brand: ROTHENBERGER INDUSTRIAL

Scope of delivery:
1,00 ST Soldering station digital 200-450 degC
60 W |

PRODUCT DESCRIPTION

Universal application in the electronics, model making and hobby segments

- The applications include assembling PCBs, cable assembly and much more
- Ideal for soft soldering of electronic components
- With power unit (base station) so that the soldering iron is not connected directly to the socket
- Galvanically isolated from the mains
- This ensures that the soldering tip is isolated and sensitive components are protected against dangerous leakage currents Further technical information:
- Temperature range: 200-450°C
- Input supply voltage: 230V Scope of supply: Soldering station with soldering iron holder, soldering sponge, accessory compartment and mains switch, tips (round and flat 2 electronic solders)

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information.
