TESTBOY CABLE DETECTOR SET 27 DIGITAL FOR DETECTING WIRES

SKU: 4028532220273

Cable detector set 27 digital for detecting wires

Categories: [Measuring and testers for electrical installation](#), [Voltage and continuity tester](#)

Product Features: Application: For finding wires
Brand: TESTBOY

Scope of delivery:
1,00 ST Cable detector set 27 digital for detecting wires |

PRODUCT DESCRIPTION

Digital signal

- External voltage protection up to 400 V
 - Finding wires in the soil, e.g. guide cable of robotic lawnmowers
 - Finding cables in the wall and in cable ducts
 - Continuous or alternating sound can be selected
 - Infinite adjustment of the volume
 - Practical LED display
 - Assignment of cable pairs and wires
 - Detection of cable breaks
- Further technical information:
- Display: Optical and acoustic
- Scope of supply: Instrument case, adapter set with coax, F and RJ11 adapter, earth spike, batteries (5x type AA)
- Replacement batteries, see article no. 4000 901 811
- Note on the disposal of batteries and rechargeable batteries
- As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG) we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not be disposed of in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of

batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information.
