## TESTBOY DIGITAL MULTIMETER TESTBOY 313 0-600 V AC, 0-600 V DC RMS

**SKU:** 4028532203139

Digital multimeter Testboy 313 0-600 V AC,  
0-600 V DC RMS

---

**Categories:** [Measuring and testers for electrical installation](#), [Multimeters and accessories](#)

**Product Features:** Measuring technique:  
RMS

Brand: TESTBOY

Nominal voltage range: 0-600 V AC, 0-600 V  
DC

Measurement category: CAT III 600 V

[Datasheet](#)

Scope of delivery:

1,00 ST Digital multimeter Testboy 313 0-600  
V AC, 0-600 V DC RMS |

## PRODUCT DESCRIPTION

Direct and alternating voltage up to 600 V

- Direct and alternating current up to 10 A

- Application errors excluded through automatic measuring range protection

- Continuity test

- Diode test

- Resistance up to 20 MOhm

- Capacitance up to 20  $\mu$ F

- Temperature measurement -20 to +1000 °C via temperature sensor

- Frequency 0-20 kHz

- Data hold function

- Backlit

- Overvoltage category CAT III 600 V

- Measuring range: Alternating voltage: 0-600 V Direct voltage: 0-600 V Alternating current: 0-10 A Direct current: 0-10 A Further technical information:

- Width: 89mm

- Length: 200mm
- Height: 38mm
- Subject to audit: Yes Supplied with battery (1 x type block battery 2 measuring leads, 1 temperature sensor and 1 bag, for replacement battery see article no. 4000 901 814 Note on the disposal of batteries and rechargeable batteries As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not be disposed on in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury

#### PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
