WEICON THREAD SEALING CORD DF 175 175 M

SKU: 4024596025441

Thread sealing cord DF 175 175 m

Categories: [Chemical-technical products](#),
[Surface, pipe and screw thread seals](#)

Product Features: Contents: 175 m
Thermal resistance: -200 to +240 °C
Brand: WEICON
[safety instructions](#)

Scope of delivery:
1,00 ST Thread sealing cord DF 175 175 m |

PRODUCT DESCRIPTION

100 % PTFE

- Permanently and securely seals almost all metal and plastic threads
- Reliably compensates for the gap on the threads and establishes a PTFE film in the necessary thickness for screw connections
- Non-flammable
- Stable function between -200 °C and +240 °C
- Very economical: 1 roll can replace up to 20 rolls of PTFE tape (12 mm x 0.1 mm x 12 mm)
- Extremely resistant to almost all chemicals, even aggressive solvents, bases and acids
- Resistant to mould, bacteria and fungal attack
- For almost all sealing requirements for plastic and metal threads, for lines and pipes that transport even the most aggressive media, together with gaseous or liquid media (e.g. oxygen, propane, butane, etc. in the drinking water segment, in extreme temperature ranges between -200 °C and +240 °C, in the solar segment as well as wherever the unscrewing of a connection (tested up to 45°) needs to be possible without impairing the sealing effect. Further technical information:
- Colour: White
- Container: Dispenser
