WELDING TEAM ELECTRODE WELDING MACHINE WT-MMA 162-2 WITH ACCESSORIES 15-160 A

SKU: 4015448794080

Electrode welding machine WT-MMA 162-2 with accessories 15-160 A

Categories: [Electrode welding machines](#), [Welding systems and torches](#)

Product Features: Open-circuit voltage: 64 V
Welding current range: 15-160 A
Welding current at 60% ED/40°C: 90 A
Standard: EN 60974-1 S / CE
Connector type: F
Brand: WELDING TEAM

Scope of delivery:
1,00 ST Electrode welding machine WT-MMA 162-2 with accessories 15-160 A |

PRODUCT DESCRIPTION

Property and area of application : Portable electrode welding inverter for welding steel, stainless steel, etc.

- Inverter-based
- Impact-resistant, durable metal/plastic housing
- Continuous adjustment of the welding current guarantees safe welding of rod electrodes in the range of 1.5-3.25 mm
- TIG welding with lift TIG ignition possible Further technical information:
- Width: 150mm
- Length: 360mm
- Welding voltage: 20.6-26.4V
- Ignition type: Hot start
- Weight: 6.0kg
- Protection class: IP 23
- Insulant class: H
- Type: With accessories
- Operating voltage: 20 / 26.4V
- Height: 240mm

- Welding current at 25% ED/40°C: 150A
- Continuous output: 3.7 / 2.8kVA
- Mains voltage: 230 V / 50/60 Hz
- Current consumption: 16A
- Fuse: 16A
- Power input: 3.7kVA Scope of supply: Electrode welding machine, 4 m electrode holder, pre-assembled, 4 m ground cable, pre-assembled, 2.5 m mains cable with plug with earthing contact

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
