## WELDING TEAM ELECTRODE WELDING MACHINE WT-MMA 182 ACCESSORIES NOT INCLUDED 20-180 A

SKU: 4015448794097

Electrode welding machine WT-MMA 182 accessories not included 20-180 A

**Categories:** [Electrode welding machines](#), [Welding systems and torches](#)

**Product Features:** Open-circuit voltage: 68 V  
Welding current range: 20-180 A  
Welding current at 60% ED/40°C: 130 A  
Standard: EN 60974-1 S / CE  
Connector type: F  
Brand: WELDING TEAM

Scope of delivery:  
1,00 ST Electrode welding machine WT-MMA 182 accessories not included 20-180 A |

### PRODUCT DESCRIPTION

Property and area of application: Portable electrode welding inverter for welding steel, stainless steel, etc.

- Inverter-based
  - Impact-resistant, durable metal/plastic housing
  - Continuous adjustment of the welding current guarantees safe welding of rod electrodes in the range of 1.5 - 4.0 mm
  - Adjustable arc force, hot start as well as time and current
  - Antistick function
  - Digital display for all parameters
  - TIG welding with lift TIG ignition possible
  - Automatic fan control
  - 3 power settings available
- Further technical information:
- Width: 150mm
  - Length: 360mm
  - Welding voltage: 20.8-26.8V
  - Weight: 5.2kg
  - Protection class: IP 23

- Type: Without accessories
- Height: 240mm
- Welding current at 25% ED/40°C: 170A
- Mains voltage: 230 V / 50/60 Hz
- Fuse: 16A Scope of supply: Electrode welding machine, 5 m mains cable with plug with earthing contact

**PRODUCT DATASHEET LEGAL NOTE**

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
