WELDING TEAM ELECTRODE WELDING MACHINE WT-MMA 200 PFC WITH ACCESSORIES 10-200 A

SKU: 3154020014541

Electrode welding machine WT-MMA 200 PFC with accessories 10-200 A

Categories: [Electrode welding machines](#), [Welding systems and torches](#)

Product Features: Open-circuit voltage: 96 V
Welding current range: 10-200 A
Welding current at 60% ED/40°C: 120 A
Standard: EN 60974-1
Connector type: E+F
Brand: WELDING TEAM

Scope of delivery:
1,00 ST Electrode welding machine WT-MMA 200 PFC with accessories 10-200 A |

PRODUCT DESCRIPTION

Property and area of application : Portable electrode welding inverter with membrane keypad and digital display

- Welding of rod electrodes in the range of 1.6-5.0 mm
- With antistick / arc force / hot start and arc down slope function
- PFC technology: Optimal use of the nominal current so that the welding current can be used for a longer period
- TIG welding with lift TIG ignition possible
- Surge protection up to 400 V
- The welding machine is protected for operation with generators
- Power supply 230 V (mains voltage fluctuation +/- 15 %) Further technical information:
- Width: 140mm
- Length: 270mm
- Ignition type: Hot start
- Weight: 5.5kg
- Protection class: IP 21
- Type: With accessories
- Height: 210mm

- Mains voltage: 230 V / 50/60 Hz
- Fuse: 16A Scope of supply: Electrode welding machine, hard case, 3 m electrode holder, pre-assembled, 3 m ground cable, pre-assembled, 3 m mains cable with plug with earthing contact

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
